## **COMPANY HISTORY**

### **Aims and objectives**

PCVTC aims at **providing the client with quality buildings in an honest and straight forward manner at a realistic price.** It also provides its workers and the public with training in new skills, on job training in an environment that promotes hard work, good working conditions and fair remuneration.

### **Objectives:**

- (a) Tender for small to medium sized contracts both from the public and private sector. Through building to a high standard for clients and within the time scale and conditions agreed, develop a reputation as being professional and honest. This reputation will continue to promote the Company.
- (b) Employ a core group of committed workers both skilled and unskilled. This group will be willing to be involved in training and sharing of information. They will enjoy the benefits of the Company's successes through bonuses and tool purchase schemes.

- c) Enrol Youths who wish to acquire vocational skills by offering to them training in an 'apprenticeship' model with great emphasis on hands and on work trainings
- e) Offer on job training services to the underprivileged youth by attaching them on a scheme of work for fees programme.

### **Challenges**

1. High taxation and subscriptions (the company is compliant to all forms of taxation)
2. Delay of payments by some clients on accomplished jobs not as per agreed contract payment period
3. Change/raise in prices of building construction materials not as per contract quotations
4. Unfavourable weather and irregular changes in climatic conditions.
5. Corruption in public contracts and tendering processes.
